Contents of Volume 52

NUMBER 1 JANUARY 2001

A. D. Gordina, E. V. Pavlova, E. I. Ovsyany, J. G. Wilson, R. B. Kemp and A. S. Romanov Long-term Changes in Sevastopol Bay (the Black Sea) with Particular Reference to the Ichthyoplankton and Zooplankton 1

N. P. Smith Seasonal-scale Transport Patterns in a Multi-inlet Coastal Lagoon 15

R. Beiras, E. Vázquez, J. Bellas, J. I. Lorenzo, N. Fernández, G. Macho, J. C. Mariño and L. Casas Sea-urchin Embryo Bioassay for *in situ* Evaluation of the Biological Quality of Coastal Seawater 29

M. E. Borsuk, C. A. Stow, R. A. Luettich, Jr., H. W. Paerl and J. L. Pinckney Modelling Oxygen Dynamics in an Intermittently Stratified Estuary: Estimation of Process Rates Using Field Data 33

C. E. Epifanio and R. W. Garvine Larval Transport on the Atlantic Continental Shelf of North America: a Review 51

L. D. MacArthur and G. A. Hyndes Differential Use of Seagrass Assemblages by a Suite of Odacid Species 79

A. B. Jones, M. J. O'Donohue, J. Udy and W. C. Dennison Assessing Ecological Impacts of Shrimp and Sewage Effluent: Biological Indicators with Standard Water Quality Analyses 91

S. Waldron, P. Tatner, I. Jack and C. Arnott The Impact of Sewage Discharge in a Marine Embayment: A Stable Isotope Reconnaissance 111

R. Paperno, K. J. Mille and E. Kadison Patterns in Species Composition of Fish and Selected Invertebrate Assemblages in Estuarine Subregions near Ponce de Leon Inlet, Florida 117

J. H. Simpson, R. Vennell and A. J. Souza The Salt Fluxes in a Tidally-Energetic Estuary 131

S. K. Haslett, F. Strawbridge, N. A. Martin and C. F. C. Davies Vertical Saltmarsh Accretion and its Relationship to Sea-level in the Severn Estuary, U.K.: An Investigation using Foraminifera as Tidal Indicators 143

NUMBER 2 FEBRUARY 2001

P. Ridd, G. Day, S. Thomas, J. Harradence, D. Fox, J. Bunt, O. Renagi and C. Jago Measurement of Sediment Deposition Rates using an Optical Backscatter Sensor 155

I. Martins, M. Â. Pardal, A. I. Lillebø, M. R. Flindt and J. C. Marques Hydrodynamics as a Major Factor Controlling the Occurrence of Green Macroalgal Blooms in a Eutrophic Estuary: A Case Study on the Influence of Precipitation and River Management 165

F. G. Hoefel and R. L. Evans Impact of Low Salinity Porewater on Seafloor Electromagnetic Data: A Means of Detecting Submarine Groundwater Discharge? 179

F. Barros, A. J. Underwood and M. Lindegarth The Influence of Rocky Reefs on Structure of Benthic Macrofauna in Nearby Soft-sediments 191

L.-E. Persson Dispersal of *Platorchestia platensis* (Kröyer) (Amphipoda: Talitridae) along Swedish coasts: A Slow but Successful Process 201

Z.-L. Shen Historical Changes in Nutrient Structure and its Influences on Phytoplankton Composition in Jiaozhou Bay 211

P. A. Pitts Interactions between Florida Bay and Atlantic Shelf Waters in Response to Tropical Storm Gordon 225

M. Lindegarth and M. Hoskin Patterns of Distribution of Macro-fauna in Different Types of Estuarine, Soft Sediment Habitats Adjacent to Urban and Non-urban Areas 237

T. Dittmar and R. J. Lara Driving Forces Behind Nutrient and Organic Matter Dynamics in a Mangrove Tidal Creek in North Brazil 249

S. Mariani Can Spatial Distribution of Ichthyofauna Describe Marine Influence on Coastal Lagoons? A Central Mediterranean Case Study 261

D. Avsar Age, Growth, Reproduction and Feeding of the Spurdog (*Squalus acanthias* Linnaeus, 1758) in the South-eastern Black Sea 269

M. S. Koch, R. E. Benz and D. T. Rudnick Solid-phase Phosphorus Pools in Highly Organic Carbonate Sediments of Northeastern Florida Bay 279

NUMBER 3 MARCH 2001

J. Garrabou and M. Zabala Growth Dynamics in Four Mediterranean Demosponges 293

S. Lefebvre, C. Bacher, A. Meuret and J. Hussenot Modelling Nitrogen Cycling in a Mariculture Ecosystem as a Tool to Evaluate its Outflow 305

K. N. I. Bell, P. D. Cowley and A. K. Whitfield Seasonality in Frequency of Marine Access to a South African Estuary: Implications for Recruitment Strategies 327

P. D. Cowley, A. K. Whitfield and K. N. I. Bell The Surf Zone Ichthyoplankton Adjacent to the Mouth of a Predominantly Closed Southern African Estuary, with Evidence of Recruitment during Marine Overwash Events 339

A. M. Power, A. A. Myers, R. M. O'Riordan, D. McGrath and J. Delany An investigation into Rock Surface Wetness as a Parameter Contributing to the Distribution of the Intertidal Barnacles *Chthamalus stellatus* and *Chthamalus montagui* 349

R. B. Ford and D. M. Paterson Behaviour of *Corophium volutator* in Still versus Flowing Water 357

M. Lindegarth and M. Hoskin Patterns of Distribution of Macro-fauna in Different Types of Estuarine, Soft Sediment Habitats Adjacent to Urban and Non-urban Areas 363

M. C. Graham, M. A. Eaves, J. G. Farmer, J. Dobson and A. E. Fallick A Study of Carbon and Nitrogen Stable Isotope and Elemental Ratios as Potential Indicators of Source and Fate of Organic Matter in Sediments of the Forth Estuary, Scotland 375

H. J. van Wijnen and J. P. Bakker Long-term Surface Elevation Change in Salt Marshes: a Prediction of Marsh Response to Future Sea-Level Rise 381

J. H. Chang and J. Y. Choi Tidal-Flat Sequence controlled by Holocene Sea-Level Rise in Gomso Bay, West Coast of Korea 391

P. M. Orton and G. C. Kineke Comparing Calculated and Observed Vertical Suspended-Sediment Distributions from a Hudson River Estuary Turbidity Maximum 401

NUMBER 4 APRIL 2001

S. F. Heron and P. V. Ridd The Use of Computational Fluid Dynamics in Predicting the Tidal Flushing of Animal Burrows 411

P. C. Paiva Spatial and Temporal Variation of a Nearshore Benthic Community in Southern Brazil: Implications for the Design of Monitoring Programs 423

N. Carbajal and Y. Montaño Comparison between Predicted and Observed Physical Features of Sandbanks **435**

M. C. Benfield and R. G. Downer Spatial and Temporal Variability in the Nearshore Distributions of Postlarval *Farfantepenaeus aztecus* along Galveston Island, Texas **445**

M. Bel Hassen Spatial and Temporal Variability in Nutrients and Suspended Material Processing in the Fier d'Ars Bay (France) **457**

M. Pettine, S. Capri, M. Manganelli, L. Patrolecco, A. Puddu and A. Zoppini The Dynamics of DOM in the Northern Adriatic Sea **471**

R. Pawlowicz A Tracer Method for Determining Transport in Two-Layer Systems, Applied to the Strait of Georgia/Haro Strait/Juan de Fuca Strait Estuarine System **491**

E. Gacia and C. M. Duarte Sediment Retention by a Mediterranean *Posidonia oceanica* Meadow: The Balance between Deposition and Resuspension **505**

F. J. J. Nieva, A. Díaz-Espejo, E. M. Castellanos and M. E. Figueroa Field Variability of Invading Populations of *Spartina densiflora* Brong. in Different Habitats of the Odiel Marshes (SW Spain) **515**

NUMBER 5 MAY 2001

S. Hossain, B. Eyre and D. McConchie Suspended Sediment Transport Dynamics in the Sub-tropical Micro-tidal Richmond River Estuary, Australia **529**

P. W. Froneman Seasonal Changes in Zooplankton Biomass and Grazing in a Temperate Estuary, South Africa **543**

M. Gómez-Gesteira, M. deCastro, R. Prego and V. Pérez-Villar An Unusual Two Layered Tidal Circulation Induced by Stratification and Wind in the Ría of Pontevedra (NW Spain) **555**

C. Savenkoff, A. F. Vézina, P. C. Smith and G. Han Summer Transports of Nutrients in the Gulf of St. Lawrence Estimated by Inverse Modelling **565**

P. T. Zawislanski, S. Chau, H. Mountford, H. C. Wong and T. C. Sears Accumulation of Selenium and Trace Metals on Plant Litter in a Tidal Marsh **589**

M. Mistri, R. Rossi and E. A. Fano Structure and Secondary Production of a Soft Bottom Macrobenthic Community in a Brackish Lagoon (Sacca di Goro, North-eastern Italy) **605**

F. Andrieux-Loyer and A. Aminot Phosphorus Forms Related to Sediment Grain Size and Geochemical Characteristics in French Coastal Areas **617**

R. Pérez-Castañeda and O. Defeo Population Variability of Four Sympatric Penaeid Shrimps (*Farfantepenaeus* spp.) in a Tropical Coastal Lagoon of Mexico **631**

C. J. Hearn and B. J. Robson Inter-annual Variability of Bottom Hypoxia in Shallow Mediterranean Estuaries **643**

L. Benedetti-Cecchi, F. Rindi, I. Bertocci, F. Bulleri and F. Cinelli Spatial Variation in Development of Epibenthic Assemblages in a Coastal Lagoon **659**

NUMBER 6 JUNE 2001

D. A. Methven, R. L. Haedrich and G. A. Rose The Fish Assemblage of a Newfoundland Estuary: Diel, Monthly and Annual Variation **669**

A. Ansotegui, J. M. Trigueros and E. Orive The Use of Pigment Signatures to Assess Phytoplankton Assemblage Structure in Estuarine Waters **689**

R. B. Ford, S. F. Thrush and P. K. Probert The Interacting Effect of Hydrodynamics and Organic Matter on Colonization: a Soft-Sediment Example **705**

E. Kouassi, M. Pagano, L. Saint-Jean, R. Arfi and M. Bouvy Vertical Migrations and Feeding Rhythms of *Acartia clausi* and *Pseudodiaptomus hessei* (Copepoda: Calanoida) in a Tropical Lagoon (Ebrié, Côte d'Ivoire) **715**

F. G. Araújo and M. C. Costa de Azevedo Assemblages of Southeast-South Brazilian Coastal Systems Based on the Distribution of Fishes **729**

S. P. Griffiths Factors Influencing Fish Composition in an Australian Intermittently Open Estuary. Is Stability Salinity-Dependent? **739**

S. E. Davis III, D. L. Childers, J. W. Day, Jr, D. T. Rudnick and F. H. Sklar Nutrient Dynamics in Vegetated and Unvegetated Areas of a Southern Everglades Mangrove Creek **753**

T. Usui, I. Koike and N. Ogura N_2O Production, Nitrification and Denitrification in an Estuarine Sediment **769**

T. Stoeck and I. Kröncke Influence of Particle Mixing on Vertical Profiles of Chlorophyll *a* and Bacterial Biomass in Sediments of the German Bight, Oyster Ground and Dogger Bank (North Sea) **783**

Index to Volume 52

^{15}N tracer; porewaters; diffusion; Tama Estuary; N_2O; sediments; nitrification; denitrification, 769

A Study of Carbon and Nitrogen Stable Isotope and Elemental Ratios as Potential Indicators of Source and Fate of Organic Matter in Sediments of the Forth Estuary, Scotland, 375

A Tracer Method for Determining Transport in Two-Layer Systems, Applied to the Strait of Georgia/Haro Strait/Juan de Fuca Strait Estuarine System, 491

Acartia clausi; *Pseudodiaptomus hessei* diel vertical migration; diel feeding rhythms; gut fluorescence; tropical lagoon; Côte d'Ivoire, 715

Acartia Pseudodiaptomus; temperate estuary; grazing; primary production; zooplankton, 543

Accretion deficit; elevation deficit; model; subsidence; barrier islands, 381

Accumulation of Selenium and Trace Metals on Plant Litter in a Tidal Marsh, 589

Age, Growth, Reproduction and Feeding of the Spurdog (*Squalus acanthias* Linnaeus, 1758) in the South-eastern Black Sea, 269

Aggregation; stratification; tidal estuaries; Hudson River; sediment transport; turbidity maximum, 401

Amazonia; Brazil; coastal outwelling; mangroves; nutrients; organic matter; nitrogen fixation, 249

Amino acid composition; Moreton Bay Australia; aquaculture; shrimp effluent; sewage effluent; biological indicators; stable isotopes; $\delta^{15}N$, 91

Aminot, A., *see* Andrieux-Loyer, F., 617

Ammonia; *Dicentrarchus labrax*; models; nitrogen budget; ponds; fish culture; water quality; effluents, 305

Amphipod; colonization; organic matter; hydrodynamics; intertidal; New Zealand; *Paracorophium excavatum*, 705

Amphipoda; distribution; dispersal; salinity; life-cycle; *Platorchestia platensis*; *Orchestia gammarellus*, 201

An investigation into Rock Surface Wetness as a Parameter Contributing to the Distribution of the Intertidal Barnacles *Chthamalus stellatus* and *Chthamalus montagui*, 349

An Unusual Two Layered Tidal Circulation Induced by Stratification and Wind in the Ría of Pontevedra (NW Spain), 555

Analytical model; sandbanks; tidal currents; growth rates, 435

Andrieux-Loyer, F., Aminot, A., Phosphorus Forms Related to Sediment Grain Size and Geochemical Characteristics in French Coastal Areas, 617

Ansotegui, A., Orive, E. M., The Use of Pigment Signatures to Assess Phytoplankton Assemblage Structure in Estuarine Waters, 689

Aquaculture; shrimp effluent; sewage effluent; biological indicators; stable isotopes; $\delta^{15}N$; amino acid composition; Moreton Bay Australia, 91

Arfi, R., *see* Kouassi, E., 715

Arnott, C., *see* Waldron, S., 111

Assemblages of Southeast-South Brazilian Coastal Systems Based on the Distribution of Fishes, 729

Assessing Ecological Impacts of Shrimp and Sewage Effluent: Biological Indicators with Standard Water Quality Analyses, 91

Australian East Coast; environmental impacts; estuaries; macrofauna; habitats; observation; variation, 363

Avsar, D., Age, Growth, Reproduction and Feeding of the Spurdog (*Squalus acanthias* Linnaeus, 1758) in the South-eastern Black Sea, 269

Bacher, C., *see* Lefebvre, S., 305

Bacterial densities; chlorophyll; vertical distribution; particle mixing; North Sea, 783

Bakker, J. P., *see* van Wijnen, H. J., 381

Bar-built estuaries; overwash; overtopping; fish larvae; recruitment; migration; residence time; mortality; South Africa; seasonal cycles; periodic regression; waiting time, 327

Bar-built estuary; recruitment; South Africa; larval fish; surf zone, 339

Barnacles; distribution; moisture; Ireland; *Chthamalus*, 349

Barrier Island coasts; groins; jetties; Texas coast; plankton distribution; plankton surveys; penaeidae; meroplankton, 445

Barrier islands; accretion deficit; elevation deficit; model; subsidence, 381

Barros, F., Underwood, A. J., Lindegarth, M. J., The Influence of Rocky Reefs on Structure of Benthic Macrofauna in Nearby Soft-sediments, 191

Behaviour of *Corophium volutator* in Still versus Flowing Water, 357

Behaviour; swimming; settling; mobility; microcosm; Scotland; *Corophium volutator*, 357

Beiras, R., Vázquez, E., Bellas, J., Lorenzo, J. I., Fernández, N. I., Macho, G. I., Mariño, J. C., Casas, L. C., Sea-urchin Embryo Bioassay for *in situ* Evaluation of the Biological Quality of Coastal Seawater, 29

Sedimentation rate; Fier d'Ars Bay; export; dissolved matter; import; microphytobenthos; nutrients; organic matter; particulate matter; phytoplankton, 457
Sedimentation; Richmond River estuary; suspended sediment transport; marker horizon, 529
Sediments; grain size; phosphorus forms; major elements; coastal areas, 617
Sediments; nitrification; denitrification; ^{15}N tracer; porewaters; diffusion; Tama Estuary; N_2O, 769
Selenium; intertidal marsh; litter bags; sediment flux; San Francisco Bay; trace elements, 589
Settling; mobility; microcosm; Scotland; *Corophium volutator*; behaviour; swimming, 357
Sevastopol Bay; Black Sea (Ukraine); environmental conditions; ichthyoplankton; zooplankton; pollution, 1
Severn Estuary; saltmarshes; sediment accretion; tidal indicators; sea-level foraminifera; Holocene, 143
Sewage effluent; biological indicators; stable isotopes; $\delta^{15}N$; amino acid composition; Moreton Bay Australia; aquaculture; shrimp effluent, 91
Sewage; *Nereis virens*; Forth embayment; stable isotope analysis, 111
Shark; elasmobranch; life history, 269
Shen, Z.-L., Historical Changes in Nutrient Structure and its Influences on Phytoplankton Composition in Jiaozhou Bay, 211
Shrimp effluent; sewage effluent; biological indicators; stable isotopes; $\delta^{15}N$; amino acid composition; Moreton Bay Australia; aquaculture, 91
Shrimps; coastal lagoon; Mexico; Penaeidae; *Farfantepenaeus*, 631
Shrinkage rate; life history; Mediterranean; clonal organisms; demosponges; growth rate, 293
Simpson, J. H., Vennell, R. H., Souza, A. J., The Salt Fluxes in a Tidally-Energetic Estuary, 131
Sklar, F. H., *see* Davis, S. E., 753
Small flagellates; estuarine waters; photosynthetic pigments; HPLC; CHEMTAX; phytoplankton; diatoms; dinoflagellates, 689
Smith, N. P., Seasonal-scale Transport Patterns in a Multi-inlet Coastal Lagoon, 15
Smith, P. C., *see* Savenkoff, C., 565
Soft-sediments; spatial variability; subtidal; benthic macrofauna; grain size; rocky reef influence, 191
Solid-phase Phosphorus Pools in Highly Organic Carbonate Sediments of Northeastern Florida Bay, 279
South Africa; larval fish; surf zone; bar-built estuary; recruitment, 339
South Africa; seasonal cycles; periodic regression; waiting time; bar-built estuaries; overwash; overtopping; fish larvae; recruitment; migration; residence time; mortality, 327
South-west Australia; Tomales Bay; estuaries; salinity variations; stratification; hypoxia; flushing time; vertical mixing, 643
Souza, A. J., *see* Simpson, J. H., 131
Spatial and Temporal Variability in Nutrients and Suspended Material Processing in the Fier d'Ars Bay (France), 457
Spatial and Temporal Variability in the Nearshore Distributions of Postlarval *Farfantepenaeus aztecus* along Galveston Island, Texas, 445
Spatial and Temporal Variation of a Nearshore Benthic Community in Southern Brazil: Implications for the Design of Monitoring Programs, 423
Spatial distribution; confinement; brackish waters; paralic ecosystems; multivariate analysis; Mediterranean Sea; fish assemblages; coastal lagoons, 261

Spatial distribution; fishery surveys; Ponce de Leon Inlet; Florida; species composition; species diversity; estuaries, 117

Spatial variability; subtidal; benthic macrofauna; grain size; rocky reef influence; soft-sediments, 191

Spatial variability; temporal variability; coastal lagoons; eutrophication; environmental management; recruitment; epibenthos, 659

Spatial Variation in Development of Epibenthic Assemblages in a Coastal Lagoon, 659

Spatial variation; temporal variation; benthic fauna; oceanographic surveys; multiscale analysis; Brazilian coast, 423

Species composition; species diversity; estuaries; spatial distribution; fishery surveys; Ponce de Leon Inlet; Florida, 117

Species diversity; estuaries; spatial distribution; fishery surveys; Ponce de Leon Inlet; Florida; species composition, 117

Stable isotope analysis; sewage; *Nereis virens*; Forth embayment, 111

Stable isotopes; $\delta^{15}N$; amino acid composition; Moreton Bay Australia; aquaculture; shrimp effluent; sewage effluent; biological indicators, 91

Stiff mud; Korea; Yellow Sea; tidal flat; Holocene tidal unit; coarsening-upward; sea-level rise, 391

Stoeck, T., Kröncke, I., Influence of Particle Mixing on Vertical Profiles of Chlorophyll *a* and Bacterial Biomass in Sediments of the German Bight, Oyster Ground and Dogger Bank (North Sea), 783
